

Question: Cows are following me everywhere I go. Help, I'm trapped!

Solution: Once you nc in, you'll notice that whatever you type gets converted to cowsay. The chall name is AKA, which should give you the hint alias. If you type alias, you'll notice that a lot of the usual commands have been aliased to output cowsay. To solve this, just unalias the required commands and view flag.txt

```
cryptal-clear@kali:~/Documents/CTFs/csivitCTF$ nc chall.csivit.com 30611
user @ csictf: $
whoami
user @ csictf: $
alias
alias awk='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias cat='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias cd='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias find='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias grep='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias head='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias less='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias ls='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias more='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias pwd='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias sed='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
alias tail='cowsay Don\\\'\'\'t look at me, I\\\'\'\'m just here to say moo.'
user @ csictf: $
unalias ls
user @ csictf: $
unalias cat
