

Question: "People who get violent get that way because they can't communicate."

Solution: There is a lot of reference to bots on the page, so i decided to check the robots.txt

```
# Hey there, you're not a robot, yet I see you sniffing through this file.
# SEO you later!
# Now get off my lawn.

Disallow: /fade/to/black
```

If we go to the disallowed page, we get the flag

```

```
